The Avon Police Cadets Mission:

To engage youth in the community through activities centered around character development, community service, discipline, leadership experience and life skills by means of Law Enforcement-style training and activities, many of which are in the form of community service.

The skills learned as an Avon Police Cadet will help put your son or daughter "ahead of the curve" when it comes time to consider and apply to colleges.

Community Service and extracurricular activities have proven, time and time again, to assist students in getting accepted to the college of their choosing.
